About The Offshore Technology Conference (OTC)

OTC is where energy professionals meet to exchange ideas and opinions to advance scientific and technical knowledge for offshore resources and environmental matters. Founded in 1969, OTC's flagship conference is held annually in Houston. OTC has expanded technically and globally with the Arctic Technology Conference, OTC Brasil, and OTC Asia.

*OTC Brasil is sponsored and endorsed by the credibility of 15 engineering and scientific organizations.

About the Brazilian Petroleum, Gas and Biofuels Institute (IBP)

Founded in 1957, IBP is a private, non-profit organization focused on promoting the development of the Brazilian oil, gas and biofuels industry in a competitive, sustainable, ethical and socially responsible environment. Today, IBP has more than 160 associated companies and 250 professionals and is recognized as an important industry representative for its technical knowledge and for fostering the debate of big industry issues. As the organizer of the main oil & gas shows in Brazil, such as Rio Oil & Gas, IBP also develops technical courses and is also responsible for standardization, certification of inspection services and technical publications.
