

Welcome to the abstract submitting process for the **Rio Pipeline Conference & Exhibition 2019**. Papers must present relevant technical contributions of interest to the industry. Advertising or commercial presentations will not be allowed. The abstracts must be submitted until **February 22nd, 2019**. The author must fill in all the required information.

THE PAPERS FORMAT

- Abstracts written in English (100 - 500 words);
- Final paper written in English (5-10 pages);
- Oral Session - PowerPoint Presentation written in English (Simultaneous translation will be available for the languages Portuguese/English/Portuguese);
- Digital Poster Session - PowerPoint Presentation written in English.

As an author of a technical paper of the Rio Pipeline 2019, you may participate in oral presentations or in digital poster format. Authors must select the format of the paper presentation; however, the final result will be set by the Technical Committee. Check out the differences:

- **Oral Presentation:** Formal session presentation of papers with economic nature and general interest to a large audience.
- **Digital Poster Sessions:** Informal forum for direct contact between authors and delegates in technical matters of specific focus. They may be scientific and/or cutting-edge topics of great interest but aimed at a specific audience.

WEBSYSTEM ACCESS

>> NEW ABSTRACT MENU:

SUBMISSION FORM - MAIN DATA:

- Paper language/Country;
- Paper Title;
- Block: Select the topic of the event;
- Presentation Type: oral/poster digital

Paper Title: Only the first word of the title must be initialized with capital letter, except for abbreviations.

E.g.: Brazilian production and importation – NG/LNG.

Presentation Type: The author select the presentation type (oral/digital poster). **The final decision on this, however, belongs to the technical committee.**

>> SUBMISSION FORM - AUTHORS:

This form has to be updated including names, companies' names and e-mails of all authors. The main author (M), contact author (C) and presentation author (P) also have to be updated. **Authors must include the name of their companies/institutions using short names and trade names. E.g.: IBP instead of Brazilian Petroleum, Gas and Biofuels Institute.**

After filling the form the author has to click on "Send Form" to conclude the process. The system will display a message informing that all data was received successfully. **All the**

authors will receive an e-mail with access code and password to the websystem to complete the data.

The contact author will receive an e-mail with an access code and password. **Only the access code and password received by the contact author** will allow to update data and the abstract within the event schedule. **In case the abstract is approved, this access code is also necessary to send the final paper.**

Attention: Please be advised that IBP will not be liable for the updating of any information.

>> STATUS OF PAPERS MENU:

All the authors must access this menu in order to:

- Download and Upload the "COPYRIGHT FORM";
- Follow up of the evaluation process;
- Check registration pendency and copyright sending;
- Check the date, time, format oral/digital poster and instructions/template the presentation.

>> AUTHORS UPDATE MENU:

All the authors must complete their data into the system in order to complete the paper registration.

AUTHORS REGISTRATION:

- **All authors that will attend Rio Pipeline event must register;**
- In order to have the approved paper included in the Congress' final program and published in the IBP's online Library, **it is necessary the registration of the presenting author** of the paper;
- Be advised that your paper will not be included in the final program and Proceedings, unless presenting author of the project is properly registered, in accordance to the schedule.
- Registration fees and information on how to register for the Congress will be available soon.
